

**TECHNICAL ASSISTANCE PROVIDERS
FOR THE COMMUNITY EXPRESS LOAN PROGRAM**

The Community*Express* Pilot Loan Program is a collaborative effort between the SBA and the National Community Reinvestment Coalition (NCRC) and its member organizations. The SBA and the NCRC view management and technical assistance as critical to the development, growth, and success of Community*Express* borrowers. The Community*Express* program was therefore conceived and structured to ensure that borrowers under the program receive appropriate pre- and post-loan closing management and technical assistance.
